

Year 5 Computing: Home Learning Week 14

Greetings Year 5!

This week's activity focus is: writing a blog post about your year at Glendale Middle School

Take care, stay at home, stay safe!

Mrs P, in ICT 😊

Task	Description
1	<ul style="list-style-type: none">On your computer, open your internet browser (that's the one you use to search for things on the internet – maybe internet explorer, or google chrome).Type this address into the browser bar at the top https://gms.j2webby.com/?cat=4 <p>or click on the blue link, which should take you straight to the page in j2webby.</p> <ul style="list-style-type: none">Click on the relevant section for you – click on the year 5 tab. In there you should see my blog post called “My year at Glendale”.At the end of the message, there is a link that says “leave a comment”. Write me a reply, to say what you have enjoyed about your year at Glendale, any funny stories, or good times that you remember. Maybe you could tell me about the things you are looking forward to in September, or how you have found life during the Covid 19 crisis? <p>Be careful with your spelling and punctuation, because lots of other people will be able to read it. Before you post your reply, maybe you could let your parents check it through – it's always good to let someone else check, as they can sometimes see mistakes that you have missed.</p>
2	<p>When you have finished writing your comments, there is a button that says “post comment” – click on this, and the message will be sent to me for approval. Once I do that, you will be able to see your comments!</p> <p>Be thoughtful about what you write – be kind if you are mentioning others, as the post will not be approved if it may cause any offence to anyone.</p>
3	<p>Have a happy summer – and hopefully I will see you in September!</p>
