

Dear parents and carers,

As the prospect of a long holiday at home looms in front of us with more time spent trying to entertain the children, I thought you might be interested in these free initiatives being run by Berwick Museums and the BALTIC in Gateshead. Last year, we were involved in the Arts Award program in school, and the children really enjoyed it.

Basically the children can download a logbook where they record their ideas and responses to the online materials on the museums' websites.

Have a lovely summer!

Best wishes,
